## 2023 School Planning

The purpose of this meeting is to:

## How is Our School Development Plan Used?

- Guides ongoing assessment and review of goals and actions.
- Our school development plan is the driver for closing learning gaps and informs:
  - Instructional strategies
  - Professional learning
  - Requests to parent associations
  - Offsite activities
  - Residencies

## School Development Plan – Literacy

- Student achievement in French writing proficiency will improve.

Staff evaluate the results from a grade-level, team-generated rubric, founded in the curricular expectations for writing for the grade, in the generation of future tasks that incorporate writing (working through the adjustment cycle).

## School Development Plan – Mathematics

- Student achievement in numeracy will improve as students explore tasks that pose purposeful questions.

Leveraging the considerations found in the CBE Math Framework and book “Taking Action: Implementing Effective Mathematics Teaching Practices-K-5”—Pose Purposeful Questions section.

PLC work to design engaging, responsive tasks

# School Development Plan – Well-Being

- Student well-being will improve as they engage in a school-wide character and well-being program.

Consolidate implementation of school wide well-being initiatives (sharing circles, virtue books, virtue leaves, etc), while offering further opportunities to share successes via assemblies and council meetings.

Focus on the Seven Sacred Teachings in classroom practice, such as via literature (Love, Respect, Courage, Honesty, Wisdom, Humility, Truth).
